

Six Decades of Commitment

For over 60 years, the H. J. Oldenkamp Co. has been your source for name brand products – supported by local inventories and quick, reliable delivery.

Cabinetry

The Oldenkamp Company offers a wide range of cabinetry to meet the demands of the most discriminating consumer. From sophisticated semi-custom cabinetry through our economy lines, we have what you need. Our product lines offer a wide variety of wood species, stain colors, options and accessories as well as cabinet construction techniques.

Merillat offers three fundamental product lines that express both style and craftsmanship. Each meets a specific need of the consumer while always providing the highest quality of product and functional design.

Merillat Masterpiece - the premier semi-custom line of cabinetry from Merillat delivers impeccable quality and virtually limitless design flexibility.

Merillat Classic - by balancing style, design, and quality, Merillat Classic builds on a great tradition of cabinetry.

Merillat Essentials - great value in a well-built, dependable cabinet. A smart choice for the kitchen or bath, but just as comfortable in garages, mudrooms, and basements.

Quality Cabinets offers a wide variety of sizes, door styles and color combinations at a very competitive price. All stains are hand wiped-to bring out the natural luster and beauty of the wood.

Surfacing

The ultimate in materials, DuPont Surfacing offers a product for every taste and budget. Countertops, backsplashes, tubs & shower surrounds...we have a solution to all your needs.

Corian® created the solid surfacing category over 35 years ago. From “ready to install” bath products to fully custom designs, Corian® leads the industry with over 130 colors and a myriad of sinks and lavatories.

Zodiaq® quartz surfacing is the ultimate in luxury. Available in a number of intriguing colors, Zodiaq® is backed by DuPont – a proven innovator and performer in surfacing materials.

Michigan Maple Chop Blocks has been manufacturing laminated chop blocks for nearly 100 years. With a wide range of wood species and styles available, we have the right product for any application.

PaperStone™ - The Earth's Surface. An “earth friendly” environmentally responsible material used for both horizontal and vertical surfacing. Available in various colors and thicknesses, Paperstone™ can be used for interior or exterior applications. Being extremely scratch, stain and heat resistant, Paperstone™ can be an excellent choice for countertop applications.

Arborite Laminates - Since 1948, Arborite has been a leader in producing decorative high pressure laminate surfacing. With over 200 colors and patterns to choose from, Arborite is the perfect choice for all your decorative laminate needs.

Specialty Coatings

ICA has been serving the coatings industry for decades. ICA is the premier producer of state-of-the-art water-based coatings that deliver excellent aesthetic results on furniture and interior decor while reducing the impact on the user and the environment.

Gemini / Wood Finishers Supply specializes in the manufacture of top quality finish supplies for wood – including stains, colorants, glazes, top coats, touch-up materials and repair products.
