About Us

H.J. Oldenkamp Co. has been a leading wholesale distributor for interior building products for over 70 years. Our team is committed to having the name-brand products you need. For questions about our product lineup, pricing, or for more information, please contact our Customer Service Team at 1-800-462-6047.

Result/Solution

Facing an influx of patients that strained space and staff, Beaumont Health set out to redesign its emergency department.

The project was primarily completed in Corian® Solid Surface in Clamshell - main reception desk, nurse stations, transaction tops, exam room tops, and window sills and wall protection including corner guards and chair rail.

The four triage bays were clad entirely in Cameo White sheet.
