1/2" x 54" x 144"
1/2" x 60" x 144"

Advantages of widesheet:

- Reduced installation time for applications that typically require seaming
- Less product waste through elimination of typical cutting and joining process
- Decreased need to keep multiple sheet sizes on hand, resulting in a reduction in low value inventory
- Perfect for large scale commercial applications and businesses including healthcare, food service, retail

(Current lead times are 11-weeks (made to order), but please check availability with us for in process or stock options at DuPont)

Available in widesheet only and not included in Corian sample box:
